

**Thames River Basin
Partnership Quarterly
Meeting**

Tuesday, April 21, 2015

9:30 AM to Noon

**Northeast Connecticut Council of Governments
125 Providence Pike
Dayville, CT**

Meeting Agenda

Welcome and Introductions

Review of Meeting Notes for previous meeting

Special Presentation: Chris Stone of the CT DEEP will overview the updated General Permit for the Discharge of Stormwater from Small Municipal Separate Storm Sewer Systems (MS4 General Permit). This permit is the product of a mandate by the U.S. Environmental Protection Agency (USEPA) as part of its Stormwater Phase II rules in 1999. This general permit requires each municipality to take steps to keep the stormwater entering its storm sewer systems clean before entering water bodies. Proposed revisions to the permit were presented at a public hearing held in December 2014. Adjustments to the regulations were made as a result of the input.

Break –

TRBP Coordinators Report

1. Financial Report
2. Floating Workshop XV – the upper Quinebaug River
3. TRBP website update
4. TRBP Plan of Work

Partner Reports on Activities related to the TRBP Plan of Work

Upcoming Workshops
