

Thames River Basin Partnership Quarterly Meeting

Tuesday, July 21, 2020

9:30 AM to Noon

ECCD Zoom Meeting Room

**Meeting sign in information will be
shared when you RSVP to Jean.Pillo@Comcast.net**

MEETING AGENDA

Welcome and Introductions

Special Presentation: Andrew J Kowalczyk, Hydrologic Technician from the USGS New York Water Science Center has graciously agreed to give a presentation on Edge-of-Field Nutrient and Sediment Monitoring in the Genesee River Watershed, New York. Many of you have been introduced to Edge of Field and Tile Drain monitoring as separate ECCD projects on different fields at different times on farm fields in Woodstock, CT. Andrew and his team have been collecting concurrent edge of field and tile drainage data from the same fields in the Genesee River watershed basin in upstate New York. If you have wondered which NPS source of nutrients is most significant, you will want to tune in to this presentation. Andrew will also be talking about conservation practices on those fields and the impact on water quality in the Genesee River.

Virtual Coffee Break

TRBP Coordinators Report

TRBP financial report

Review of April 21, 2020 meeting notes.

Virtual TRBP Floating Workshop – a story board with video clips focused on the Natchaug Healthy Watershed Implementation Plan – partner participation encouraged.

Partner Reports on Activities related to the TRBP Plan of Work: Share your organizations efforts that are compatible with the TRBP Plan of Work. Reports will be compiled in the TRBP newsletter, the Partners in Action Report.

Adjournment

NOTE: Please consider this opportunity to update the Partnership on your projects or to network with others working in similar fields. For more information, contact Jean Pillo, jean.pillo@comcast.net. Jean is working remotely until further notice, so email communication is recommended.

The Partnership encourages the use of our website, newsletter, the TRBP Partners in Action Report and social media outlets as valuable resources. Please feel free to review the website www.TRBP.org.
